Welcome to Sweden! Pupils from 3rd grade sang to the guests and the headmaster greeted them. The assistant headmaster gave a presentation about the school and showed pictures of Norrköping.

Agenda

- **Minutes of previous meeting**

We read it and approved.

- **Completed activities to date; upload to drive**

We need to put everything at the Google Drive. There are still things missing.

- **Organise drive**

Emma and Tony are responsible to organise the Google Drive and sort it out in folders. We decided to sort everything by years and activity.

- **eTwinning**

Some of us have issues about publishing at the eTwinning.

Each country has to apply for a quality label to get good results in the project. We can apply for the European label too.

Nicola puts descriptions for this at the Google Drive. Italy has already done this and it has to be done before June 2019. Although it's different deadlines for all of us. Every country has to check that out.

Pupils are able to chat at the eTwinning and Italy would like to try. They think it would be a benefit to the project. The main subject will be something that links to each activity. Still it requires a lot of support from teachers to make it work. It's not a good idea for young pupils. Spain would like to try making videos to share. Estonia have experiences of skypeing with other groups and singing christmas songs. Estonia and Italy tries to make this exchange.

Tony showed eTwinning and how we get to our webside. We need to make a structure of everything there. We have to put everything in folders. We created one of the pages.

-Generic page.

-Create a page. Who can see this page? Everyone when it's ready.

-Create "page below" when the page is already there.

-We have to resize the pictures before publish.

-Open the picture in paint. Resize. Pixels 500-750. Save it again.

-Twinspace. Add upload images. Not more than 5-6 pictures in a folder. Copyright ok.

-Your country and subject, for example T-shirt design.

-Put a powerpoint thru files. Attach thru files to upload power points and pictures.

- **Blog**

Teresa showed us the blog. Not so many of us have visited or used the blog. Everything we put at the Google drive we put at the blog as well.

- **Project Platform**

???

- **Croatia meeting**

March 31st – April 5th 2019.

Silvana gave a presentation about those days. We really looking forward to this trip!

The Croatians have prebooked rooms for us at the Hotel International and it will cost 85 euro per night in a doubleroom.

Students from Italy?

- **Galway dates**

May 20th – 22nd 2019

We have three hotels close to the school to chose:

Menlo Park Hotel

Maldron Sandy Hotel

Nox Hotel

Dublin airport is the biggest and the best alternative. Otherwise there is Shannon and Knock but it might be difficult with the bus connections.

- **Gantt chart; upcoming activities**

- Theatre in our Land. Understanding how theatre influences our culture. January 2019
- Dance and music. Expressing emotions through art. April 2019
- Art inspired through nature. Local natural environment. June 2019
- Traditional food from our area. Video of children cooking traditional food. June 2019
- T-shirt designs. Theme friendship. June 2019
- Flash mob performance. Same song for all of us. Suggestion: "You can count on me" Nicola will check if it's possible concerning the copyrights. June 2019

- @museart website

- **Mobility tool**

- **Require for final report**

Ireland and Italy have made two reports already while the other countries only made one interim report. It's not the same for all of us.

We have to report exhibitions of the project at school, in local media and public piece of art. Maybe we can do it with a brochure to parents? Art exhibitions?

Page H.2 in application form.

Each country makes a final report. We might have a look at it in Galway. We will ask Kersti and Marguerita to help us out.

Other activities

During this visit we had the opportunity to experience a few things in the area. We went for a guided tour in Norrköping and were able to see the old industrial area. We made a visit at the Museum of Marble in Kolmården with a guided tour. There was a little time leftover to explore the beautiful environment. Although there was a fog we were able to see the fantastic view over the bay from the Baltic sea.

We also had some time to see the school and visited a few of the classes. One of the days we had our lunch outdoors. Two teachers and four of the children from 3rd grade was cooking for us. That was a different experience for the visitors.

In the evenings we all met for dinner and interesting conversations about different and similar school situations among other discussions.

At the end of this meeting the participants got their certificates and a small gift for each country.
