

Sweden - Workshop Northern Ireland

Easter tradition

Education purpose: to learn about one of our Swedish traditions.

We showed the children a film of our typical Swedish Easter tradition. It means how we celebrate; what we eat and what we do.

The pupils created an easter chicken each by cardboard. Everyone who wanted was painted like an Easter cart with a kerchief on top of their head.

Materials used: cardboard, scissors, glue, make up and fabric sheets.

Evaluation: we had the material already prepared so the activity went on smooth and the pupils were concentrated and carried out the task. Even though the dress up was voluntary most of the pupils wanted be an Easter cart for a moment! Some of them actually was still dressed up at the end of the school day!
